## NOTE TO TEAMS: POST-SPRINT QUALIFYING PROCEDURE

The Post-Sprint Qualifying procedure requires the fastest driver to be interviewed once he has got out of his car. We would like to ask for your co-operation in ensuring the procedure below is followed:

- If they take the chequered flag at the end of SQ3, the fastest three (3) drivers should **return to the Pit Lane** where they will find the boards from 1,2,3 in front of the FIA garages.
- Other than the team mechanics (with cooling fans if necessary), officials, FIA pre-approved television crews and photographers, no one else will be allowed in the designated area at this time (no driver physios nor team PR personnel). At the sole discretion of the FIA Media Delegate, the team-embedded photographer of the fastest driver may also be permitted in the Parc Fermé area at this time.
- Once out of their cars, the top three (3) Drivers will be weighed by the FIA. Each Driver must remain fully attired until after they have been weighed (e.g: Helmet, Gloves, etc).
- After the Drivers have been weighed, the Post-Sprint Qualifying interview with the fastest driver only will take place in the designated area in parc ferme. The interviewer will be selected by the Commercial Rights Holder.
- If the fastest driver is in the Pit Lane at the end of the session, the team should ensure that he goes directly to the designated area once the other drivers have arrived there.
- At the end of the live interview the fastest driver will be led to the backdrop for a Pirelli Award photo opportunity. The Pirelli Award will be presented by a fan selected through an online contest.
- The fastest driver will then conduct a pooled TV interview at the back of the FIA Garages. There will be no Press Conference following the Sprint Qualifying.
- Drivers eliminated in SQ1 and SQ2, drivers classified from 2nd to 10th in SQ3 and drivers who did not participate in SQ1 but are eligible to race must conduct a pooled TV interview immediately after they have been weighed by the FIA at the end of the last part of the Sprint Qualifying in which they participated. This will take place directly behind the FIA garage.

For drivers positioned outside the top three (3) at the end of Sprint Qualifying we would like to remind you of point 15 of the Race Director's notes and ask for your co-operation in ensuring the procedure below is followed:

- Any drivers who finished participating in the Sprint Qualifying sessions after SQ1 and SQ2 must proceed to the FIA scales through the pit-lane immediately after they have returned to the team's garage. The drivers may not drink anything or do anything which increases their weight before it is recorded by the FIA.
- Any driver, who stops on the track during the qualifying sessions and is not required to visit the Medical

- Centre, must proceed to the FIA scales to get his weight recorded before returning to his team.
- Drivers who finish within the top 10 must proceed to the FIA scales immediately when out of their cars without contact with any other person.

Please see the attached Sprint Qualifying - Parc Fermé Diagram.
